

DS-PDSMK-4BAR

4-wire Photoelectric Smoker Detector with built-in Buzzer and Auto-reset function  
Operating voltage: 10.2 ~ 13.8 V DC Alarm response threshold(smoke): 0.10 ~ 0.16 dB/m 1.51 ~ 2.73 Sleek low-profile housing design- DC 12 V operation voltage- Advanced algorithms provide advanced detection discrimination- Easy installation and low maintenance, No programming required- Stable photoelectric smoke sensing chamber
